

Opportunities for Development Community to Engage at the Second High-Level Meeting of the Global Partnership for Effective Development Co-operation for the 2030 Agenda

28 November–1 December 2016, Nairobi, Kenya

The Global Partnership for Effective Development Co-operation (Global Partnership) is an inclusive multi-stakeholder partnership. It brings together the full range of development actors to ensure that finance, knowledge and policy have maximum impact on development results. The Global Partnership sustains political momentum for more effective development co-operation based on the shared principles of country ownership, focus on results, inclusive partnerships, and transparency and accountability. It promotes inclusive partnerships, monitoring of progress in development effectiveness, innovation in implementation, the production and use of data derived from national systems, country dialogue, structured learning, knowledge sharing, and mutual accountability.

SUPPORTING THE IMPLEMENTATION OF THE 2030 AGENDA

The universal, ambitious and transformative 2030 Agenda for Sustainable Development and its 17 Sustainable Development Goals (SDGs) require all countries and actors to work together effectively to leave no one behind. The SDGs call for an equally ambitious response to ensure that “billions” of dollars of available development resources attract, mobilize and channel “trillions” in investments of all kinds: public and private, national and global, and through both financial and non-financial means of implementation. Today, dynamic global partnerships are emerging to mobilise knowledge, expertise, technology, policies and financial resources that countries can apply to accelerate progress on the 2030 Agenda in each country and context.

The Global Partnership provides a dedicated space for all stakeholders to advance the effectiveness of their respective development co-operation efforts in support of the SDGs and the Addis Ababa Action Agenda by supporting:

- developing country leadership, institutions and country systems
- smarter and more transparent development co-operation to deliver results that are predictable and aligned to developing countries’ systems and priorities
- development partnerships involving a broad range of stakeholders to maximise impact
- monitoring of the quality of partnerships through a process led by developing countries

THE SECOND HIGH LEVEL MEETING: HLM2 - TOWARDS INCLUSIVE AND ACCELERATED IMPLEMENTATION OF THE 2030 AGENDA

The Second High-Level Meeting (HLM2) will be a watershed event, setting priorities for improving development co-operation in the 2030 era. It will convene Heads of State, Ministers, heads of major international organisations and leaders from the private sector, foundations, civil society and more, to showcase successes and identify and scale up innovative approaches for a sustainable, inclusive, peaceful and prosperous world. Hosted by the Government of Kenya, it will:

- take stock of the implementation of development effectiveness principles and commitments
- provide a learning space on development effectiveness, showcasing successful examples
- identify innovative approaches to sustainable development that can be scaled up
- position the Global Partnership as a centre of excellence, providing a significant contribution to implementation of the SDGs and the Addis Ababa Action Agenda.

Based on inclusive consultation, the HLM2 outcome document will help to shape how existing and new development actors can partner to implement Agenda 2030 and realise the SDGs. Preparatory sessions will take place on 28-29 November, followed by the high-level segment on 30 November to 1 December.

OPPORTUNITIES FOR THE DEVELOPMENT COMMUNITY TO ENGAGE AT HLM2

<p>Contribute to Plenary Sessions</p>	<p>Seven Plenary Sessions offer the opportunity to highlight how effective co-operation and multi-stakeholder engagement can improve the coherence of global, regional and national responses to sustainable development challenges and generate transformative development results in line with the 2030 Agenda and the commitments of the Addis Ababa Action Agenda.</p> <p>:</p> <ul style="list-style-type: none"> • Taking stock: progress and challenges for effective development • Moving forward: Realising the 2030 Agenda by improving our co-operation • South-South and Triangular co-operation: Growth, diversification and potential • Economic empowerment of women and youth • Our greatest challenge: leaving no-one behind • From global goals to global action: unleashing the power of partnerships • The Private Sector's contribution to sustainable development <p>Each plenary will aim to spark actions, by reflecting upon the universal appeal and practical value of principles of effective development co-operation; drawing attention to how the Global Partnership can champion inclusiveness, empowerment, responsiveness, knowledge and mutual accountability; and demonstrating the power of multi-stakeholder engagement.</p>
<p>Contribute to the Nairobi Outcome Document</p>	<p>You can contribute your expertise and priorities to the drafting of the Nairobi Outcome Document, which will set a course for achieving the SDGs by 2030.</p>
<p>Organize Side Events</p>	<p>Throughout the high-level sessions on 30 November – 1 December, you can (co-)organize one-hour side events to showcase examples of how you are improving the quality, effectiveness and impact of development co-operation and contributing to the challenge of eradicating poverty, and shifting our planet to a sustainable, inclusive, peaceful and prosperous path.</p>
<p>Set-up in the Market Place</p>	<p>Throughout HLM2, you can host a stall in the Market Place area to promote initiatives, technology and innovations needed to address sustainable development challenges, and the creation and strengthening of longlasting impact that leaves no-one behind.</p>
