This revised draft has addressed the objections and technical precisions raised by concerned parties in the context of the silence procedure opened from 1 to 7 April 2014. Please note that, as a result of these efforts and improvements, this revised draft more accurately reflects the broad consensus of the expected participants at the First High Level Meeting of the GPEDC. Under an extension of the silence procedure, granted in the spirit of full transparency that has characterized this consultation, should no further objections be raised by **12 April 2014**, this draft will be submitted for its formal approval by consensus to the closing plenary session of the First High Level Meeting of the GPEDC.

Thank you for your kind consideration. I remain at your kind disposal.

Sincerely,

Mauricio Escanero
