Objectives of the Senior-Level Meeting

- Presenting the achievements of the Global Partnership since Nairobi, and how outputs of the current programme of work are contributing to three substantive objectives –
 - ✓ *Elevating **the role of effectiveness in achieving the 2030 Agenda**, with country-level evidence,*
 - ✓ *Expanding the effectiveness network, **via context-specific approaches**, and*
 - ✓ *Identifying **'frontier' effectiveness issues***
- At the same time, the SLM will be an opportunity to reflect on the Global Partnership's working methods

Framing the GPEDC, and SLM, in terms of the 2030 Agenda

- *How can more effective development co-operation help drive member states' efforts to realize the Sustainable Development Goals?*
- *And how do we best communicate this contribution?*

Examples of how to approach this include:

- Effectiveness as a **dimension of sustainable development** (alongside the SDGs, and financing discussions)
- Effectiveness as a key **part of the means of implementation**,
- Effectiveness as a **lens for SDG review processes**
- Multi-stakeholder models' role in **supporting a 'whole-of-society' approach**
